

Wishes for the volunteers day

05.12.2020

We are feeling grateful to be volunteering in this school, and to have this amazing opportunity to help the students of the school. Discovering and getting to know these children/teenagers was really heartwarming. This year has been challenging for everyone and since the schools are closed and we are working online we are really missing the contact with them. Still, we are making the best out of this situation and we are hoping to see each other soon !

On the 5th of december was the International Volunteer's Day. We received a lot of « thank you » messages, that was a super nice surprise for us !

All the messages:

Happy volunteer. Thank you for coming to Poland and for being with us
(Paulina Speidelsbach ucz. BS1st.)
